ABOUT US

Alamis Group is a company providing a complete solution to all the Joinery, Architectural Metal and Glazing works. Our belief is that regardless of Project type, design or size we are capable of working with a huge variety of materials and finishes.

We have a team of Qualified Managers, Engineers, Architects and Skilled Operators which helps us to carryout any type of project at any scale.

We have evolved to offer a full range of services from Designing to Installation and emerged as one of the best contractors in UAE.

Our Company is certified with *ISO 45001:2018*, *ISO 14001:2015* and *ISO 9001:2015* that adds value to our company allowing us to become competitive in the international markets.

ALAMIS is a group of four companies

ALAMIS DECOR CONTRACTING EST.

ALAMIS TECHNICAL SERVICES L.L.C.

ALAMIS METAL INDUSTRY L.L.C.

LAMIS WOOD INDUSTRIES L.L.C.

OUR VISION & MISSION

It's our mission at ATS to become a leading Interior architectural wood & metal contractor that resolve the social, environmental & economic needs of the clients. Our passion, professionalism, and outstanding customer service are testaments to that objective, as we strive for perfection in bringing our valued ideas of the client to life every day.

Our vision is to be amongst the leading architectural wood & metal work contractor that is globally recognised. To create dynamic designs to develop exceptional projects for our clients.

Giving more attention to detail is the fundamental key to completing projects successfully

Quality Interior architectural wood, metal and glazing works that satisfies our most demanding customers.

Straight in-line and custom production output capabilities that answer the fast job requirements of customers and the industry.

Computed Aided Systems like Auto-CAD, BIM softwares, 3ds Max for designing and Primavera Solidworks, Tekla, Stadd pro, Nesting and more for precision project drawings, to maintain precise cost controls and advanced project management techniques for effective cost control.

Architects and designers to curate the design. Dedicated project managers who will supervise the project from the initial proposal through completion. Fully staffed estimating department. Craftsmen for designing, building and installing ornamental metal work. A thorough expertised staff in contracts.

We are committed to corporate social responsibility to motivate ourselves each day to develop innovative processes and contribute to the achievement of sustainable development goals.
